

Stéphan-Blanchard E, Arnould JP, Léké A, Telliez F, Ammari M, Bach V, Chardon K. Benzo[a]pyrene-DNA adducts as an accurate biomarker of chronic in utero exposure to smoking in neonates. 50th annual meeting of the European Society for Paediatric Research, Hambourg, Allemagne, 9 - 12 octobre
2009.

Telliez F, Stéphan-Blanchard E, Djeddi D, Léké A, Bach V, Chardon K.
Central apnea and peripheral chemoreception in the sleeping preterm infants exposed in utero to smoking.
American Journal of Respiratory and Critical Care Medicine, 2009, 179: A3691.

Heart rate variability and central apnea during sleep in late preterm infants.
American Journal of Respiratory and Critical Care Medicine, 2009, 179: A1759.

Vignaux L, Roeseler J, Tassaux D, Jolliet P.
Clinical performance of non-invasive ventilation (niv) modes on icu ventilators during pressure support: preliminary results.
22nd Annual Congress of the European Society of Intensive Care Medicine, Vienne, Autriche, 11-14 octobre 2009.
Intensive Care Medicine, 2009, 35(S1): 128.

2008

Abou Chakra O, Rogérieux F, Sutra J, Sénéchal H, Peltre G, Lacroix G.
Characterisation of water-insoluble allergens of the pollen cytoplasmic granules.
27th Congress of the European Academy of Allergology and Clinical Immunology, Barcelone, Espagne, 7-11 juin 2008.
Allergy, 2008, 63(S88): 35.

Abou Chakra O, Rogérieux F, Sénéchal H, Peltre G, Lacroix G.
Comparison of the characteristics and allergenicity of fresh and commercialised Phleum pratense pollen.
27th Congress of the European Academy of Allergology and Clinical Immunology, Barcelone, Espagne, 7-11 juin 2008.
Allergy, 2008, 63(S88): 104.

Influence of thermal drive on central sleep apnea in the preterm neonate.

Apneas and blood desaturation according to functional residual capacity during sleep in preterm neonates.
Journal of Sleep Research, 2008, 17(S1): 129.

Chardon K, Stéphan-Blanchard E, Cardot V, Léké A, Bach V, Telliez F.
Thermometabolic drive and peripheral chemoreception in the respiratory control according to sleep stages in the preterm neonate.

Stéphan-Blanchard E, Chardon K, Tourneux P, Djeddi D, Bach V, Telliez F.
Sleep structure modifications during overnight polysomnography in near-term neonates exposed in utero to smoking.

Telliez F, Stéphan-Blanchard E, Léké A, Djeddi D, Chardon K, Bach V.
Sleep body movements in near-term neonates exposed in utero to smoking.

Telliez F, Stéphan-Blanchard E, David M, Delanaud S, Chardon K, Libert JP.
Influence of smoking and nicotinic substitution on circadian sleep and skin temperature variations under natural living conditions.

Vignaux L, Vargas F, Roeseler J, Tassaux D, Thille AW, Kossowsky MP, Brochard L, Jolliet P.
Patient-ventilator asynchrony during non-invasive ventilation for acute respiratory failure: a multicenter study.

2007

Relationship between carotid body effectiveness and apnea frequency in sleeping preterm neonates.

Delanaud S., Bisch C., Dégrugilliers L., Bach V., Telliez F.
Evaluating the effectiveness of antivibration gloves and the biomechanical constraints in the forearm during a riveting operation.

Djeddi D, Stéphan E, Kongolo G, Delanaud S, Degrugilliers L, Bach V, Telliez F.
Influence of gastro-oesophageal reflux disease on sleep/wake cycle and body activity in infants.

El Hajjaji FZ, Delanaud S., Geloen A, Degrugilliers L, Ramadan W, Loos N.
Thermogenesis control of liver on energetic balance in rat.
El Hajjaji FZ, Degrugilliers L, Delanaud S, Loos N.  
Metabolic control of liver on feeding and vigilance behaviours in rats.  
5th Congress of the World Federation of Sleep Research and Sleep Medicine Societies, Cairns, Australie, 2 - 6 septembre 2007.  
Sleep and Biological Rhythms, 2007, 5(S1): A207.

Rogérieux F, Abou Chakra O, Gamez C, Robidel F, Lecomte A, Lacroix G.  
Inhalation of raw or filtered diluted diesel exhaust does not modify the allergic reaction in pollen-sensitized rats.  
Congress of the European Academy of Allergology and Clinical Immunology, Göteborg, Suède, 9-13 juin 2007.  

Stéphan E, Cardot V, Léké A, Delanaud S, Chardon K, Bach V, Telliez F.  
Sleep structure modifications in premature neonates exposed to maternal smoking in utero.  
5th Congress of the World Federation of Sleep Research and Sleep Medicine Societies, Cairns, Australie, 2 - 6 septembre 2007.  
Sleep and Biological Rhythms, 2007, 5(S1): A73.

Stéphan E, Cardot V, Léké A, Libert JP, Chardon K, Bach V, Telliez F.  
Sleep stages influences on peripheral chemoreceptor activity in premature neonates exposed to maternal smoking in utero.  
5th Congress of the World Federation of Sleep Research and Sleep Medicine Societies, Cairns, Australie, 2 - 6 septembre 2007.  
Sleep and Biological Rhythms, 2007, 5(S1): A67.

Stéphan E, David M, Delanaud S, Chardon K, Libert JP, Bach V, Telliez F.  
Sleep and circadian skin temperature variation under natural living condition.  
5th Congress of the World Federation of Sleep Research and Sleep Medicine Societies, Cairns, Australie, 2 - 6 septembre 2007.  
Sleep and Biological Rhythms, 2007, 5(S1): A28.

Central apnea and thermometabolic drive in the sleeping neonate.  
5th Congress of the World Federation of Sleep Research and Sleep Medicine Societies, Cairns, Australie, 2 - 6 septembre 2007.  
Sleep and Biological Rhythms, 2007, 5(S1): A67.

2006

Bisch C, Gondry J, Vanhoutte C, Pérot C.  
Assessment of neuromuscular efficiency and fatigability of back extensor muscles in pregnant women with low back pain.  
5th World Congress of Biomechanics, Munich, Allemagne, 29 Juillet - 4 Août 2006.  

Bisch C, Stéphan E, Gondry J, Libert JP, Pérot C, Telliez F.  
Influence of pregnancy on the musculotendinous stiffness of wrist flexors.  
5th World Congress of Biomechanics, Munich, Allemagne, 29 juillet - 4 août 2006.  
Brulez C, Jacobs S, Jones M, Simpson E, Lecomte A, Robidel F, Bois F, Lemazurier E.
A new in vivo model to screen both estrogenic and anti-/androgenic compounds.
Epidemiology, 2006, 17(S6): 332-333.

Synchrotron radiation computed tomography station at the ESRF biomedical beamline.
9th International Conference on Synchrotron Radiation Instrumentation (SRI 2006), Daegu, South Korea, 28 mai-2 juin 2006.

Stéphan E, Bisch C, Delanaud S, Libert JP, Pérot C, Telliez F.
Gender differences in musculotendinous properties during wrist flexion.
5th World Congress of Biomechanics, Munich, Allemagne, 29 juillet - 4 août 2006 (communication orale).
